

NEWSLETTER: INDUSTRIAL VISIT

CLARITY TECHWORKS SDN BHD

Clarity Techworks

THURSDAY, 18 JANUARY 2024

SUMMARY

On January 18, 2024, our class visited CLARITY TECHWORKS SDN BHD, an IT company, from 8:00 AM to 2:00 PM. Welcomed warmly, we explored 7-8 stations, delving into web development where we created a cat-themed web game using CSS, Python, HTML, and JavaScript. The visit continued with iOS and Android development showcases, featuring an exciting Android game challenge. At the Quality Assurance station, we witnessed efficient error detection processes. The day concluded with a CEO session, offering valuable insights into the industry. This immersive experience broadened our understanding of IT applications and workplace culture, leaving a lasting impact on our academic and professional journey.

REFLECTION 1

Participating in the visit to CLARITY TECHWORKS SDN BHD organized by UTM was a valuable experience. During this visit, I not only gained an in-depth understanding of the subdivisions of the computer science field, such as QA, database, design, web development, and iOS and Android development, but also had experience in multiple programming languages, such as CSS, Python, and Objective-C. gain a more comprehensive understanding. This visit not only deepened my understanding of computer science, but also inspired my enthusiasm for future career development. This field study opportunity will have a profound impact on my future academic and career paths, making me more determined to pursue further education. Thanks for this valuable experience.

REFLECTION 2

Communicating with the CEO of this company was the highlight of the entire visit. The CEO shared his career in the IT industry and his experience entering this field, painting a rich picture of career development for me. His life story inspired my ambition and motivation for career development, emphasizing that in addition to professional knowledge, love for the industry and continuous learning are equally important. During the communication, the CEO patiently answered our questions and provided useful guidance on industry trends, future development and personal planning. This personal communication with the CEO was not only a valuable learning opportunity, but also gave me a clearer understanding of the prospects of the IT industry. His sharing inspired me to work harder to pursue professional development, and I am grateful for this rare exchange opportunity.
